

FEBRUARY IS I LOVE TO READ MONTH

From author visits to family performers and family game nights, visit any library branch in the evenings and on each Saturday in February for programming for the whole family and to sign up for a library card!

In February libraries will be hosting THIN AIR KIDS 2025, a celebration of Canadian kids' books. Libraries across the city will have author visits for children and their families. Featured authors include Hetxw'ms Gyetxw (Brett Huson), Maureen Fergus, Linda Trinh and Martha Troian. Classes have been invited to many of the programs. A limited number of drop-in spaces are available.
