

All About Research Skills

Are you attending university in the Fall? Brush up on your research skills ahead of time! In this hands-on workshop, participants will learn some of the fundamental skills required for academic research, including finding peer-reviewed journal articles using resources available through the Winnipeg Public Library. We will practice navigating academic databases with research questions focusing on Indigenous Peoples of Canada. Basic computer skills required.

Millennium Library
251 Donald St.
Thursday, July 4
2-3 p.m.

Free. To register, scan the QR code, or visit winnipeg.ca/library
