

CANADIAN POLITICS AND GOVERNMENT: *Where do you fit in?*

If you want to be more involved in politics and the public policy process, or just better understand what is happening in the news, this presentation is for you. We will explore how government works in Canada, and share how people can get involved in politics. We will also discuss how our current government is responding to today's challenging issues, and what to know following our most recent federal election.

Presented by Dr. Royce Koop and Dr. Ardith McGeown Plant of the University of Manitoba Centre for Social Science Research and Policy.
