

# Science Programs for Teens

For ages 13-17.

## H2O Science

Learn about different water sources and issues affecting water quality. Then become water treatment specialists by purifying and testing water samples using real-life techniques, like filtration, pH testing and UV disinfection.

*Presented by WISE Kid-Netic Energy.*

### Transcona Library

1 Transcona Blvd.  
Monday, July 13:  
10:30-11:30 a.m.

## DNA Detection

Learn about what determines the identity of each cell: DNA. Then have the opportunity to extract real DNA. *Presented by WISE Kid-Netic Energy.*

### Fort Garry Library

1350 Pembina Hwy.  
Wednesday, July 15:  
10:30-11:30 a.m.

### St. John's Library

500 Salter St.  
Wednesday, July 15:  
2-3 p.m.

Registration opens June 8.

Free. To register, scan the QR code or visit [winnipeg.ca/library](http://winnipeg.ca/library)
