

GARDENING PROGRAMS

Drought Planting and Care of Peonies

Dry prairie conditions mean many plants and flowers may need special care. Join Myra Froc of the Prairie Peony Society online for tips and techniques for drought planting and care of peonies, and how to help them thrive in times of low moisture.

Online

Tuesday, April 9, 2024, 2024: 12:00 p.m. - 1:00 p.m.

How to Care for Houseplants

Keep your indoors green and your air clean with healthy houseplants! In this program, Master Gardener Jackie Reed will guide you through an exploration of indoor plants, including which types are safe for pets, what to look for when purchasing plants, and how to care for them effectively: lighting, placement, and watering will all be covered. Register to attend either online or in-person.

Millennium Library, Buchwald Room or online

Wednesday, April 17, 2024: 6:00 p.m. - 7:30 p.m.

Reducing Your Lawn

Are you interested in turning your lawn into a more resilient landscape? Master Gardener Derek Yarnell will offer practical tips for household gardeners working to repair and restore biodiversity. Attract pollinators to your yard, and make a real difference with your garden! Register to attend either online or in-person.

Millennium Library, Carol Shields Auditorium or online

Saturday, April 20, 2024: 11:00 a.m. - 12:30 p.m.

Free. Phone, visit, or go online at winnipeg.ca/library to register. These are online or hybrid events. A Zoom link to attend will be sent when you register.
