

# Birds, Butterflies, and Bees in the Garden

Join us as Dr. Eva Pip discusses the many ways you can encourage birds, butterflies, and bees in our Manitoba gardens. We will examine the reasons these different pollinators visit, the plants that meet their respective needs, additional ways to enhance these needs with feeders and shelters, ways to maximize your plantings and get the most out of your space, what NOT to plant, and dealing with predators.

## Online Event

Wednesday, April 9: 7-8 p.m.

Free. To register, phone, visit a branch, scan the QR code, or visit [winnipeg.ca/library](http://winnipeg.ca/library)
