

# Using Leaves and Leaf Mulch in your Garden

Did you know that the leaves you bag up and throw away are a valuable resource, that could and should be used in your garden? Join Master Gardener Virginia Stephenson to discover the numerous benefits of using both whole leaves and leaf mulch in your garden. This presentation includes tips and techniques related to the when, where, how, and why of using leaves in your garden, and includes information that will be helpful for all gardeners, from beginners to seasoned mulch enthusiasts.
