

# Church Records for Genealogists

This workshop with Elizabeth Briggs will focus on church records from the sixteenth century to the present day that are available for genealogical research, and on how to gain access to documents to trace your family tree. The documents covered will include estate and apprenticeship records, Vestry minutes, and Bastardy Bonds.

This presentation will be available live online. It will not be recorded or archived. A Zoom link to attend will be sent when you register.

# DNA and Genealogy

Can DNA testing help solve a family mystery, and if so, how? Genealogist Elizabeth Briggs of the Manitoba Genealogical Society will give you a basic understanding of what DNA testing is, in simple and easy to understand language. The session will explain what kinds of DNA tests are available, and what they can and cannot tell you. It will cover topics such as finding living relatives today, and how far back you might be able to trace your family.

This presentation will be available live online. It will not be recorded or archived. A Zoom link to attend will be sent when you register.
