

Warm Hands, Warm Hearts: Community Mitt Making

Come make mittens for the community with us. In this two-session workshop, leather artist Sheila Cailleau will guide participants to make warm mitts for those in need using re-purposed clothing. To complete a pair of mitts, please attend both dates. All supplies provided.

Mittens will be donated to an agency for community members in need. If you need the mitts for yourself, let staff know on the first day.

Presented in partnership with the Manitoba Craft Council.
